Dr. Addison Killeen Honored As One Of America's 40 Under 40 Top Dentists for 2025

Capital Dental, Lincoln, Ne — Local practitioner Dr. Addison Killeen is proud to be selected by award-winning Incisal Edge magazine as one of their 40 Under 40 Top Dentists in America for 2025. This prestigious honor, now in its fifteenth year, is based on nominations from dentists' colleagues and peers. They are then carefully evaluated by an independent panel of judges including

former honorees to select the finalists.

“With approximately 200,000 licensed dentists across the U.S., earning a spot in our 40 Under 40 doesn’t just place honorees in the top 1%—it heralds their entry into the most exceptional tier of that elite group,” said Incisal Edge magazine’s editor, Edward Kobesky. “Every year, our honorees represent the profession’s most passionate, forward-thinking and clinically outstanding individuals, and this year’s class stands out as one of the most dynamic and far-reaching we’ve ever recognized.”

"I'm humbled simply to have been nominated, let alone selected, as one of the 40 Under 40 young dentists in America," said Dr. Killeen. "I owe so much of my continued success to my educators and mentors as well as my dedicated team for all they do."

Incisal Edge magazine is distributed in print to over 107,000 intellectually curious, business-minded and clinically driven dentists and dental professionals.
